**CADD[®]
CENTRE**

India's only company to provide end-to-end CAD training solutions

Trained over 500,000 professionals

Preferred training partner of more than 4500 corporate houses

“World Class Training World Over”

About us

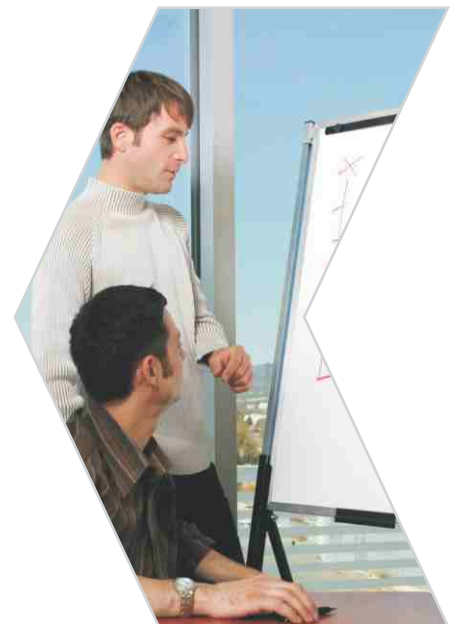

We are Asia's largest network of CAD skill development centres, providing world class training in CAD, CAE and PPM. Headquartered in Chennai, India, we have over 260 franchise partners across Bahrain, Bangladesh, Bhutan, Dubai, India, Malaysia, Maldives, Nigeria, Oman, Qatar, Sharjah, Singapore and Srilanka. In the last 22 years, CADD Centre has trained about 500,000 engineers, graphic artists and management professionals, who are employed in about 40 countries.

We are a process driven organization with the group turnover crossing INR 120 Crores – we have been achieving an average of 40% year-on-year growth consistently for close to a decade. CADD Centre has emerged as a multi-product company and an influential launch platform for CAD and PPM products, especially in India and Middle East Asia. We are a premiere authorized training associate for software majors like SolidWorks, Pro/Engineer, OrCAD and PRIMAVERA.

Our Training Services

Our distinct advantage is that we are CAD-focused and offer courses covering the entire gamut of CAD spectrum. We provide professional training and delivery of skill-based courses to meet critical skill development needs in CAD, CAM, CAE and Project Management programs. CADD Centre offers training in all popular software such as:

Pro/Engineer, CATIA, Solid Edge, Solid Works, PC Schematic EL Automation, OrCAD, STAAD.Pro, ANSYS, ArchiCAD, Revit, AutoCAD, Civil 3D, Microsoft Project, PRIMAVERA, F2D, CADian, MAYA & 3DS Max .

Our Corporate Training

CADD Centre is the preferred training partner of more than 4500 corporate houses in India and abroad. We create quality tailor-made programs that address the specific needs of the corporate houses. Our domain knowledge and subject experts can help corporates identify the CAD skill gaps that deter productivity and effectively address the training needs of employees.

Our customized programs are developed from a list of comprehensive programs ranging from Master's to Foundation level. The programs are designed to offer the highest level of quality and most up to date hands-on training, in an instructor-led environment.

...testimonials

"Your engineer and Customer service was good." Ajay Kumar, Mechanical Engineer (SD), Indian Oil Corporation Ltd.

"Primavera course contents were quite elaborate, the training methodology and aids were appropriate. Most importantly the hands-on practice were very effective." George Jacob Panicker, Project Director, Director General of Naval Project, Mumbai

"We appreciate the SolidWorks training conducted for our employees at BHEL. The course has been highly successful and is serving the purpose it is intended for." D U Krishna Rao, Sr.Dy.Gen.Manager (HRD), Bharat Electronics Limited.

"AutoCAD training was very useful. I was happy with the training facilities provided particularly for practicing AUTOCAD drawings." Ashok Narayan Toke, Dy Chief Signal & Telecom Engineer, Mumbai Rail Vikas Corporation, Churchgate.

Our Reference Guide

We believe that cross-divisional synergy and expansion of courses hold the key to our growth. CADD Centre ensures that its Reference Guide is of world class standard and comprehensive to cater to the unique needs of students of all skills - from entry level to high end.

Our Flexi-staffing Services

Through Skillease, our flexi-staffing services division, we facilitate technical professionals with high-end skills to get hot job offers in engineering domains. Skillease's job portal, www.skillease.co.in enables job seekers tap its ever-growing network of industries representing a wide range of manufacturing and services sector to 'seek, connect and succeed' in their CAD career.

Our CAD Solutions

Apart from training, we also offer end-to-end CAD solutions that include CAD training, CAD software sales, full scale monochrome and color scanners, A0 LED printers, document management and software development.

Our Franchise Network

CAD and project management training is proving to be a growing and an exciting service sector with increasing adoption of CAD products, especially by SME sector and the emergence of off-shoring of engineering services that increase the need for trained design professionals.

With our carefully crafted and executed franchising strategy, we enjoy two tangible benefits, namely:

- Multiplied accesses points to customer and
- Distinct differentiation from competition as "The Complete CAD Company".

CADD Centre has redefined the franchising in IT training with a unique ownership-responsibility model. Franchisees own the centres with CADD Centre taking full responsibility for logistics, customer relationship management and marketing communication. We do what it takes to make the franchisee profitable month after month.

We lead our franchisees from the front with regional support centres across India and abroad. To 'train the trainers' we impart training to the instructors of franchisee centres, providing access to the ever growing Intranet portal on CAD, CAE, PPM products.

Over two decades of customer relations, has helped us retain our leadership position. We understand the changing customer needs and train the franchisees to offer services most suitable to the current requirement of the customers.

Our Loyalty Programs

We regularly conduct Industry-Institution Interaction programs, free seminars on technology appreciation and a scholarship examination called CADD Quest, for students and professionals pursuing careers in engineering, architectural and interior design. The objective of CADD Quest is to recognise and award scholarship to meritorious students to encourage them taking up various courses offered by us. We provide scholarship to the students, on the basis of the marks secured.

We also conduct free seminars on "Emerging trends" to bridge the gap between industry and academia. This mass scale industry interaction event is conducted every six months at various locations, over 1000 students and professionals benefit from this program.

Our Awards

We have won several awards and accolades that recognize the quality of our training programs. In 2009, CADD Centre has bagged the 'Best in Category - Education' - IT & IT Enabled Award from Franchise India Holdings Ltd. We have bagged this prestigious award many times starting from 2002-03.
